

**Role: Life Guard**

**Reports to: Aquatics Director**

Wheeler Summer Camp's goal is simple and clear. We give campers the opportunity to be active outdoors, explore new things, have fun, build confidence and character, and make lasting friendships. Our programs serve children ages 3 to 15 and offer a full day of camp activities for groups organized by age and specialty. Swim lessons and free swim are a fundamental part of our summer program and help campers build lifelong skills in and out of the water.

Wheeler Summer Camp is seeking responsible and enthusiastic lifeguards to support daily aquatics operations and help ensure a safe and positive waterfront experience for campers. Lifeguards are responsible for maintaining constant supervision of the pool areas, enforcing safety rules, assisting with swim lessons and free swim, and supporting campers as they build confidence and water safety skills. This role is ideal for individuals who enjoy working with children, take safety seriously, and want to be part of a supportive aquatics team and camp community.

Wheeler Farm features a brand-new aquatics facility that includes an 8-lane lap pool, a training pool ideal for swim lessons and younger swimmers, and an all-season dome that allows the pools to operate outdoors during the summer months and indoors year-round. This is an opportunity to work in a new facility while helping create safe, fun, and memorable camp experiences for campers and families.

**About The Wheeler School:**

Founded in 1889 by visionary artist and educator Mary C. Wheeler, The Wheeler School is an N-12 independent day school of approximately 800 students from throughout Greater Providence and Greater Boston. Wheeler's mission, "to learn our powers and be answerable for their use," is incorporated into our classrooms, athletic fields, art studios, and STEAM labs, as students are encouraged to think deeply and explore the world on and beyond our two campuses in the College Hill neighborhood of Providence, Rhode Island and our 120-acre farm in Seekonk, Massachusetts. Across Wheeler's campuses and grades, dedicated faculty and staff identify students' learning path and passions, challenging and supporting them in pursuit of academic excellence, artistic expression, and personal growth. Our graduates are prepared for college and life as creative, ethical, and engaged global citizens. Wheeler is also home to The Hamilton School, where skilled faculty meet students' learning differences with the individualized instruction that leads to success.
